

# trigami beta live & BLACKSOCKS new customer

We just launched the [beta-version of trigami](#) tonight & [started the campaign for BLACKSOCKS](#).

These things are new:

#1: Self-service system for customers

#2: Affiliate program update: We pay 50 EUR / 80 CHF for each new customer after he purchases his first five reviews

#3: We changed the review-process: All bloggers now have to apply themselves for offers

We are very happy that we could convince [BLACKSOCKS](#) to give our service a try. We're looking forward to creative reviews about this interesting company.
