

# First Kiva-loan repaid, reinvested in Africa

Four months after [my first Kiva-investments](#), [my first loan](#) was paid back 100%.

I reinvested the money in Togo (Africa) to a [female entrepreneur who runs a general store](#).

Meanwhile, [over \\$7 million](#) has been invested through Kiva from 70'000 people. Most interestingly, [99.76% of all the money has been paid back 100%](#)—isn't this just AWESOME? You can help entrepreneurs generate wealth, get the money back 100%, help some other entrepreneur generate wealth, get the money back 100%, ..., etc.
