

Already rank 7 on Google for 'remo' :-)

Remember:

One of my goals with this new domain name [remo.fm] is to become [No. 1 on Google.com for the search term "remo"](#) within 12 months. I'm convinced this is possible :-).

Three months later, [I'm already ranked 7th](#) and domains like remo.nl are behind me. But remo.com is still going to be tough :-).

Wish me luck and don't forget to link to remo.fm (e.g. change the chuchichaeschtli.com links in your blogroll to remo.fm—thx ;-).
